Introduction

Welcome to the Volunteering Database in the European Youth Portal

This system builds upon the existing EVS Database of organisations accredited to run EVS projects, and has been developed to:

- Help young people to find transnational volunteering projects more easily.
- Assist organisations to attract potential volunteers to their projects.
- Enable organisations which are accredited to run European Voluntary Service (EVS) projects to reduce the number of enquiries they receive when they do not have any projects to offer.

Please note that you still have to submit your formal EVS project applications to your Erasmus+ National Agency in order to receive funding – this system does not replace that process!

There are three main parts to this system:

- Firstly, a simple to use administration system for volunteering organisations to advertise their projects and manage how much contact information is made public about their organisation.
- Secondly, a public interface designed to let young people search for the volunteering opportunities that are being advertised.
- Finally, a separate public interface to let young people search for organisations accredited to run EVS projects.

We hope you find the Volunteering Database a useful tool to help your organisation find new volunteers for your projects, or to simply help reduce the number of enquiries you receive when you do not have any projects to offer. If you need any help to use the system, or want to give us feedback or suggestions on how to improve it, please use the "*Support and feedback*" section at the back of this guide.

Getting ready to use the Volunteering Database

Things to think about before starting to enter a new opportunity...

Logging in to the Volunteering Database

We want to make it easy for you to log into the Volunteering Database. Therefore it has been set up to allow automatic access to two people detailed in the original EVS Erasmus+ accreditation application form: the *Legal Representative* and the *Contact Person*.

Access to the VoD is controlled via EU Login (European Commission Authentication Service, formerly called ECAS). This means that:

- 1) You need to have an EU Login account before you can log in to the VoD
- 2) The email address used to create the EU Login account must be identical to the email address of the *Legal Representative* or the *Contact Person*.

These details can be checked and amended by contacting the Erasmus+ National Agency responsible for your organisation. Please allow 24 hours for the changes to take effect in the EYP once the NA makes the amendments.

If you do not have an EU Login account already, the next section of this User Guide will give you more information about how to get one – it is not too difficult!

Gathering information about the new project opportunity to enter into the VoD

Before you start to enter details about your project/activity, check that you have at least some of the following information available:

- 1) How would you briefly describe the project to attract the attention of potential volunteers?
- 2) When is the volunteering activity due to start and finish? Does it have fixed start and end dates, or is it flexible, eg, a number of weeks between a start month and end month?
- 3) What role is your organisation going to play in the opportunity? (Hosting, Sending or Coordinating?)
- 4) Do you have any project partner organisations yet (Hosting, Sending, Coordinating)? Are they already accredited to run EVS projects? Which countries are they from? If they are not yet EVS accredited, which towns/cities are they from, and what are their website addresses?
- 5) Are you looking for volunteers from particular countries?
- 6) What kind of people are you looking for as volunteers? Do they need any special skills?
- 7) Do you have a deadline for applications? How should a young person apply? How can they get in contact (email, telephone, etc)?
- 8) What support can the project offer for young people with fewer opportunities?
- 9) Is there any other information that would be useful for potential volunteers, such as accommodation, training, transport, etc?

Do not worry if you do not have all of this information at the beginning – you can start entering a project and save it without finalising all of the information.

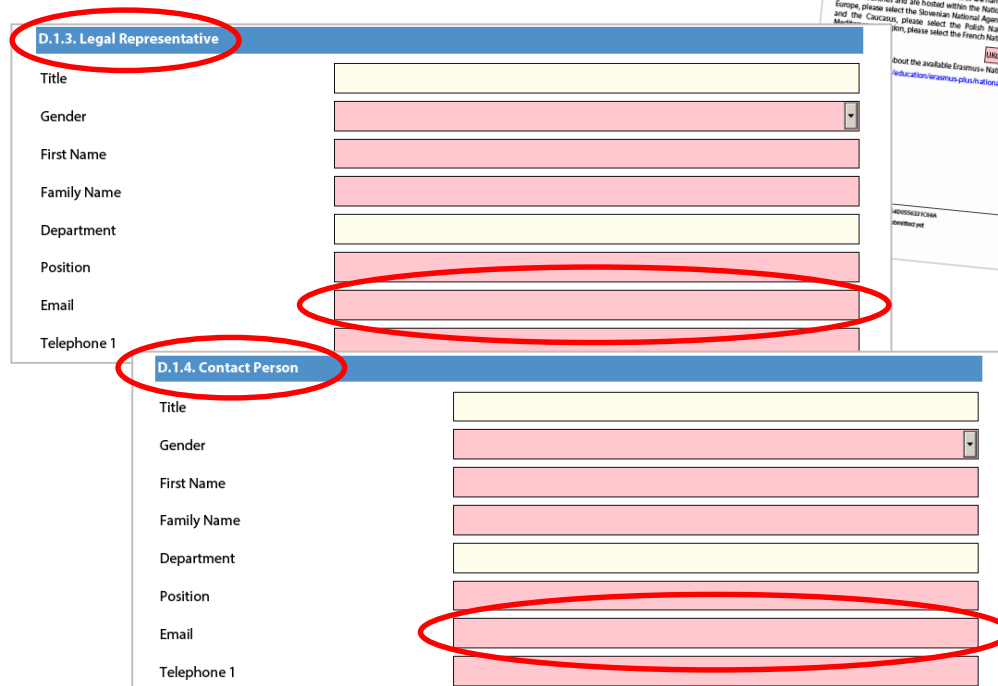

Top Tips!

- If your organisation and your project partners are willing to accept enquiries from young people throughout the year, then add an opportunity to the Volunteering Database without start and end dates (see page 14).
- If your organisation has a "contact point organisation" (a different organisation that receives enquiries and often coordinates projects on your behalf), you can add an opportunity explaining this and put the details of the other organisation in the "Contact email address" field. The "contact point organisation" will then receive enquiries related to volunteering in your organisation.
- If you want to reduce the number of enquiries your organisation receives, then log in to the Volunteering Database and "hide" your organisation's contact details from public view (see page 12).

Registering for an EU Login account

In order to administer your organisation's details on the Volunteering Database (VoD), your EU Login account's email address must match either the email address of the *Legal Representative* or the *Contact Person* that is linked to your organisation's EVS accreditation.

These will probably be the same email addresses that you included in your original Erasmus+ "Application Form for Accreditation", unless you have asked your Erasmus+ National Agency to amend the details since then.

The image shows two sections of a registration form. The first section, titled "D.1.3. Legal Representative", includes fields for Title, Gender, First Name, Family Name, Department, Position, Email, and Telephone 1. The second section, titled "D.1.4. Contact Person", includes the same fields. Red circles highlight the "Email" field in both sections. To the right, a partial view of an "Application Form for Accreditation" is visible, showing fields for Program, Action Type, Call, and Language used in the form.

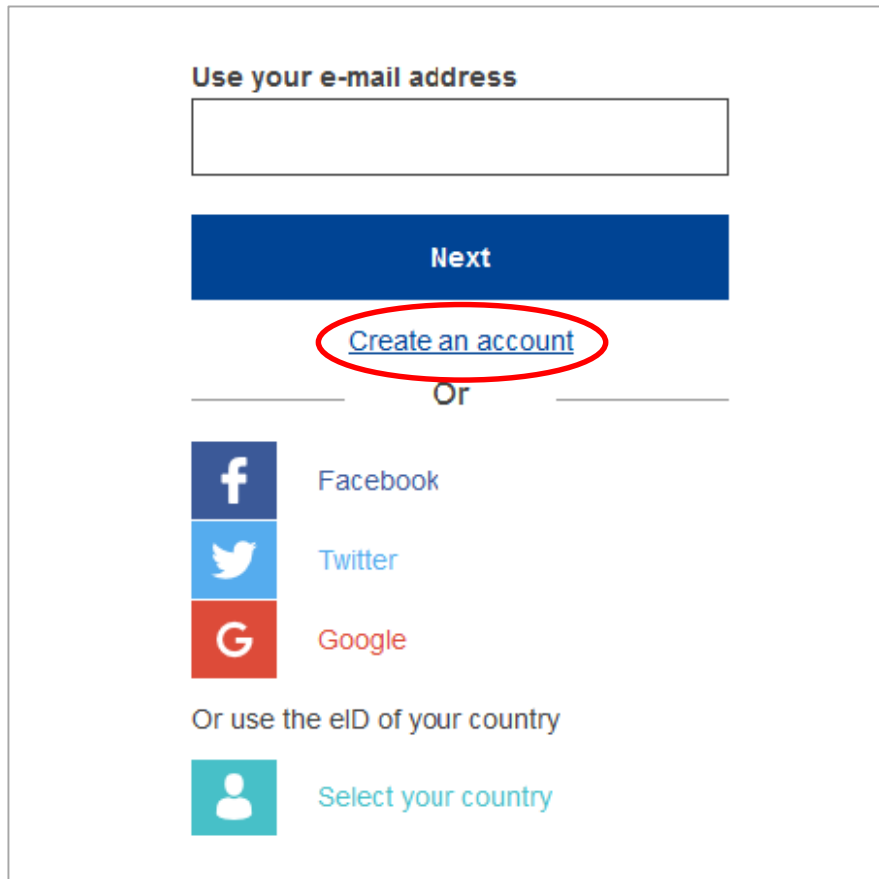

If your organisation's circumstances have changed and you need to amend the registered email addresses for the Legal Representative or the Contact Person, please contact your Erasmus+ National Agency.

Please note that it can take up to 24 hours after the NA makes these changes for the new data to be transferred to the VoD in the European Youth Portal.

Step 1

Open the following link: <https://webgate.ec.europa.eu/cas/>.

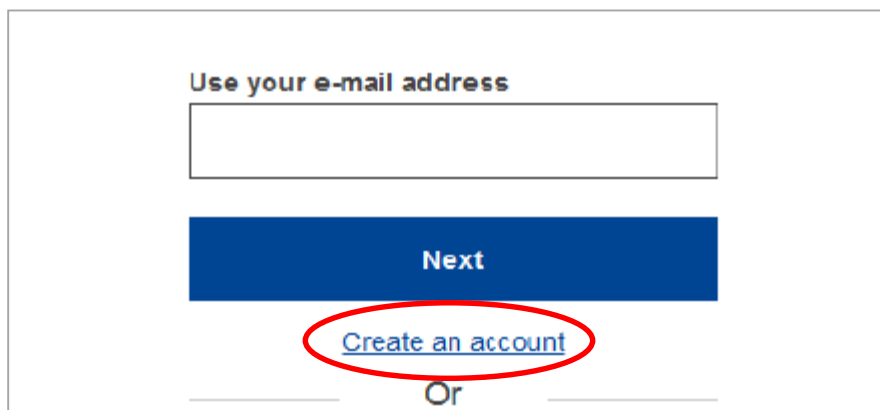

The screenshot shows the EU Login main page. At the top, there is a text label "Use your e-mail address" above a white input field. Below the input field is a blue button labeled "Next". Underneath the "Next" button is a blue link labeled "Create an account", which is circled in red. Below this link is the word "Or" centered between two horizontal lines. Underneath the "Or" are three social media icons: Facebook (blue square with white 'f'), Twitter (light blue square with white bird), and Google (red square with white 'G'). To the right of each icon is the name of the service: "Facebook", "Twitter", and "Google". Below these icons is the text "Or use the eID of your country". At the bottom, there is a teal square icon with a white person silhouette, followed by the text "Select your country".

Step 2

Click on the "**Create an account**" link on the EU Login main page. This will take you to the next page, where you start to enter your personal details.

Note: There is no need to fill in the "Use your e-mail address" field.

Signing in with social media is only available for a limited number of services. VoD is not part of those services.

This screenshot is identical to the one in Step 1, showing the EU Login main page. The "Create an account" link is circled in red. The rest of the page elements, including the "Use your e-mail address" field, the "Next" button, the "Or" separator, and the social media options (Facebook, Twitter, Google, and eID), are the same as in the previous screenshot.

Logging in to the Volunteering Database

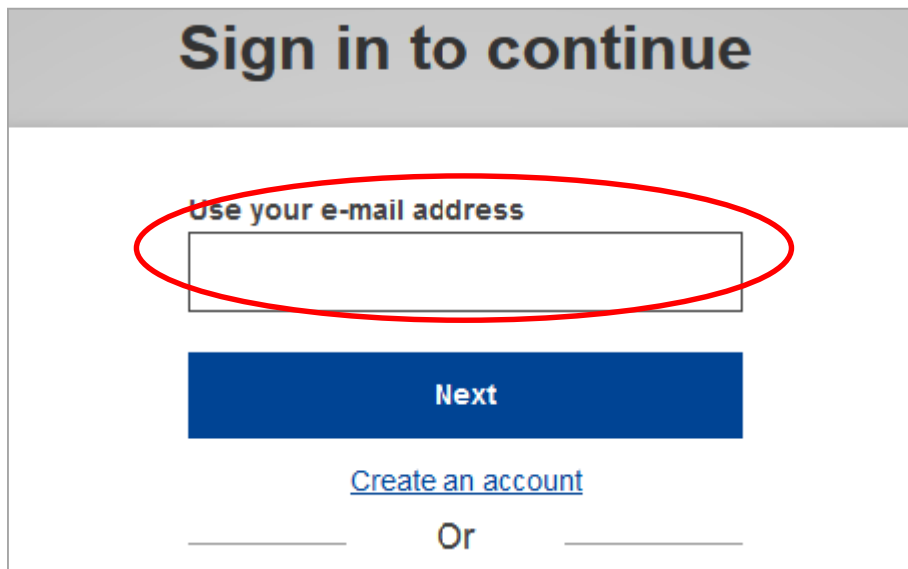

After you have obtained an EU Login account with an email address which matches the email address of either the *Legal Representative* or the *Contact Person*, you can then log in to the Volunteering Database (VoD).

Go to the European Youth Portal (EYP) <http://europa.eu/youth> - if given the choice, choose which language you want to browse the website in.

At the bottom of the EYP pages, you can find the link "Administrator Login", as shown below:

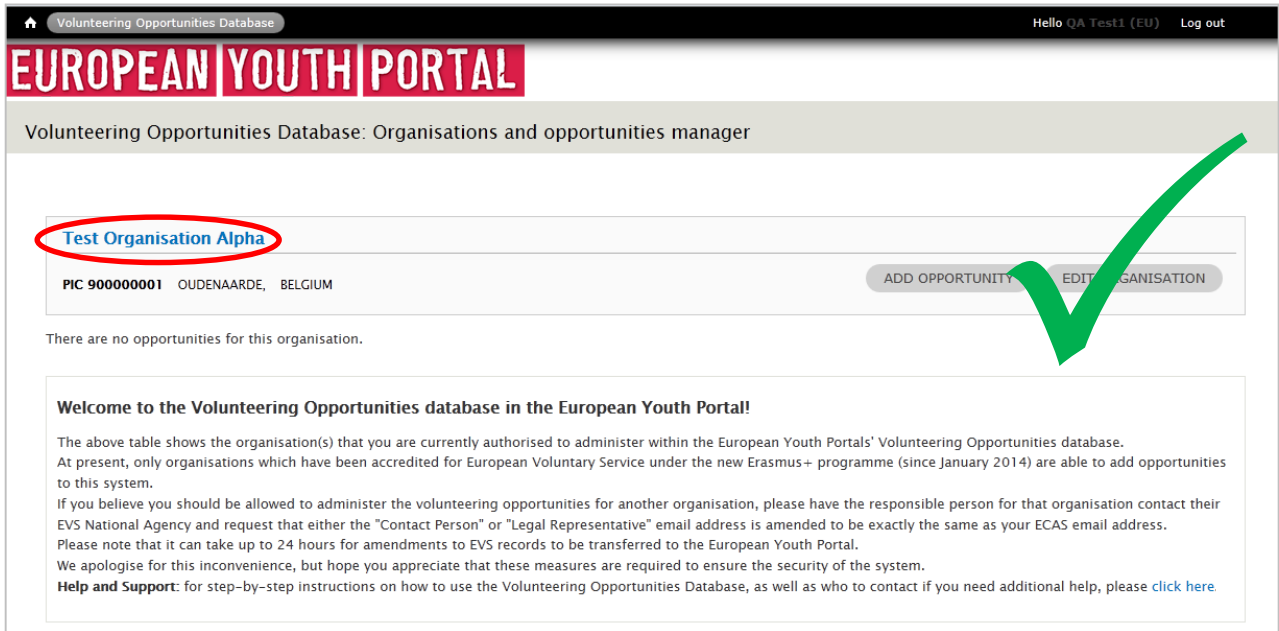

Click on "Administrator Login" to open the EU Login page.

A screenshot of the "Sign in to continue" page. The title "Sign in to continue" is at the top in a grey bar. Below it, the text "Use your e-mail address" is displayed above a text input field, which is circled in red. Below the input field is a blue button labeled "Next". Underneath the button is a blue link "Create an account". At the bottom, the word "Or" is centered between two horizontal lines, indicating an alternative login method.

Type in either your **e-mail address** you provided when creating your EU Login account or EU Login username, in the "Use your e-mail address" field and click on "**Next**" button. This will then take you into the VoD administration pages.

If your login has been successful, and your EU Login account email address is found in the VoD, then you will see a list of all of the organisations that have been accredited for EVS under Erasmus+ that you are able to administer in the VoD. The screenshot below shows that the user is able to administer one organisation, in this example "Test Organisation Alpha".

The screenshot shows the 'Volunteering Opportunities Database: Organisations and opportunities manager' page. At the top, there is a navigation bar with 'Volunteering Opportunities Database' on the left and 'Hello QA Test1 (EU) Log out' on the right. Below this is the 'EUROPEAN YOUTH PORTAL' logo. The main content area displays a table with one row for 'Test Organisation Alpha', which is circled in red. The table includes the PIC number '900000001' and the location 'OUDENAARDE, BELGIUM'. To the right of the table are buttons for 'ADD OPPORTUNITY' and 'EDIT ORGANISATION'. A large green checkmark is overlaid on the right side of the screenshot. Below the table, it states 'There are no opportunities for this organisation.' A welcome message follows, explaining that only organisations accredited for EVS under the Erasmus+ programme can add opportunities. It also provides instructions for users who wish to administer opportunities for other organisations, including a link for help and support.

However, if your EU Login email address does not exactly match any of the EVS accredited organisations that have been accredited under the Erasmus+ programme, then you will receive this message:

The screenshot shows the same interface as above, but with a red 'X' overlaid on the right side. The main content area displays a message: 'Thank you for trying to login to the Volunteering Opportunities database in the European Youth Portal. Unfortunately we could not link your ECAS registration with any authorised EVS organisations in our database. At present, only organisations which have been accredited for European Voluntary Service under the new Erasmus+ programme (since January 2014) are able to add opportunities to this system. If you believe you should be allowed to administer the volunteering opportunities for another organisation, please have the responsible person for that organisation contact their EVS National Agency and request that either the "Contact Person" or "Legal Representative" email address is amended to be exactly the same as your ECAS email address. Please note that it can take up to 24 hours for amendments to EVS records to be transferred to the European Youth Portal. We apologise for this inconvenience, but hope you appreciate that these measures are required to ensure the security of the system. Help and Support: for step-by-step instructions on how to use the Volunteering Opportunities Database, as well as who to contact if you need additional help, please click here.'

If you think that you should be able to see one or more organisations, then please double-check the email address that you registered for your EU Login account does precisely match either the email address of the *Legal Representative* or the *Contact Person* that is currently registered for the organisations – contact your Erasmus+ National Agency if necessary and ask them to check in their systems.

If you made a mistake registering the email address in your EU Login account, it is possible to sign in to EU Login via <https://webgate.ec.europa.eu/cas> and use the *Account Information* option to make the necessary changes.

Using the *Organisations and opportunities manager* screen

After you have successfully logged in to the Volunteering Database, you will see the following *Organisations and opportunities manager* screen:

The screenshot displays the 'Organisations and opportunities manager' interface. At the top, there is a navigation bar with a home icon (1), the 'EUROPEAN YOUTH PORTAL' logo (2), and user details 'Hello QA Test1 (EU)' with a 'Log out' link (3, 4). Below this is the main title 'Volunteering Opportunities Database: Organisations and opportunities manager'. The main content area features a card for 'Test Organisation Alpha' (5) with details 'PIC 900000001 OUDENAARDE, BELGIUM' and two buttons: 'ADD OPPORTUNITY' (6) and 'EDIT ORGANISATION' (7). Below the card is a table of opportunities:

ID	OPPORTUNITY TITLE	TOWN/CITY	COUNTRY	APPLICATION DEADLINE	STATUS	ACTIONS
23	Test opportunity for demonstration purposes			01/11/2014	open	Edit (10) Delete (11)

Below the table is a welcome message (8) and a detailed text block containing instructions and a 'Help and Support' link. Red arrows 9, 10, and 11 point to the 'open', 'Edit', and 'Delete' status/action elements respectively.

This is the main administration screen for the VoD, and gives you many different options:

1. Go to the homepage of the European Youth Portal (EYP).
2. Return to this *Organisations and opportunities manager* page from any other page in the EYP.
3. View your user account details.
4. Logout from the EYP VoD.
NOTE – this only logs you out from the EYP system, NOT the EU Login system. To fully log out from EU Login, either go to <https://webgate.ec.europa.eu/cas> and press the LOGOUT button, or completely close down your web-browser.
5. View the Organisation's public details in the EVS database in the EYP.
6. Add an opportunity for this organisation.
7. Edit the public contact details displayed for your organisation.
8. View the opportunity details in the EYP.
9. See the current status of the opportunity.
10. Edit the opportunity.
11. Delete the opportunity.

We suggest that when an opportunity is completed, then you keep it listed in the system to provide a history of your past activities for other organisations and potential volunteers to see.

Edit your organisation contact details

Almost all of the data that is visible to the public through the European Youth Portal about your organisation is maintained by your Erasmus+ National Agency. Only the public contact *email address* is able to be changed by you through the Volunteering Database – to change anything else, you need to contact your Erasmus+ National Agency and ask them to make the amendments. It can take up to 24 hours for changes made by the NA to be transferred to the EYP.

When you click on the "Edit Organisation" button on the *Organisation and Opportunity Management* screen, you can do three things:

The screenshot shows a web interface for editing an organisation. The title is "Editing Organisation: Test Organisation Alpha". There are three red arrows pointing to specific form elements:

- Arrow 1 points to a checkbox labeled "Hide contact details from visitors".
- Arrow 2 points to an input field for "Email address:" with a subtext "The email address that is displayed to the public."
- Arrow 3 points to the "Organisation Logo" section, which includes an input field, a "Browse..." button, and an "Upload" button. Below this, it states "Files must be less than 2 MB. Allowed file types: jpg jpeg gif png bmp."

At the bottom of the form are "Save" and "Cancel" buttons.

1. Hide contact details from visitors

To help your organisation receive fewer emails from young people, especially if there are no projects on offer, you can tick this box to remove the following fields from public view for your organisation (your organisation's website address will always be displayed):

- Contact email address
- Telephone number
- Street, town/city, postal code

We would encourage your organisation to have a visible email address. You can always change the status of an opportunity to indicate that it is "Full" or "Closed" and that you are no longer wanting to receive applications (see "Edit an opportunity" section).

2. Email address

Enter the email address that you want the public to use to contact your organisation. It is not mandatory to publish an email address. This will be hidden if you tick the box in (1).

3. Organisation logo

You have the option to upload a small graphic to act as the logo for your organisation. This will be displayed at the top of your organisation's detail page in the VoD.

You must press the "Save" button for any changes to take effect.

Add a new volunteering opportunity

As stated before, the purpose of this system is to advertise your project to young people who are looking for opportunities to volunteer. Therefore these fields have been designed to provide young people with the information that they want to know so that they can decide if they want to apply to volunteer with your project.

Note: If you want to add a project that is part of the European Solidarity Corps then please specify this in the 'Project Type' section (top side of the page) and go to the page 23 for further information.

Tips for entering content:

- The number of characters you can type into these fields is deliberately small, so you need to be concise and clear in what you write. If you put too much, young people may just move on and read the next project instead.
- Use the different text fields in the system, and do not try to put everything in the first description box! There are special fields that you can use to, for instance, describe the skills and qualities you are looking for from potential volunteers, and where you can add information about accommodation, travel, training, etc.

We want to show potential volunteers the different partner organisations that are involved with projects. This section allows you to specify which partner organisations are linked to the different roles in your EVS opportunity, e.g., the Hosting, Coordinating and Sending partners.

You might not yet know which organisations are going to be the partners in your project, so it is okay to leave these blank. However, **YOU MUST add your own organisation** as one of the Hosting, Coordinating or Sending organisations – you will not be able to save this project without doing so.

For each role, you have two choices:

- Choose an organisation which is already accredited for EVS. When you choose the country they are from, a list of all of the EVS accredited organisations for that country will appear in the dropdown box. When a potential volunteer clicks on this organisation in the opportunity details page in the EYP, they will be taken to the organisation's EVS information page in the VoD.
- Or, add basic details for an organisation which is not yet accredited for EVS. When a user clicks on one of these organisations, they will be taken directly to the organisation's website.

You can add only one Hosting organisation and only one Coordinating organisation, but you can add up to 20 different Sending organisations. An organisation cannot be chosen as both a Hosting and a Sending organisation at the same time.

The following applies when adding Hosting, Coordinating and Sending organisations. Hosting is being used as the example for all three.

Changing / amending Partners

If you want to change the partner organisations, you must *[remove]* the old organisation before adding a new one (see screenshot below).

At present, if you want to amend the details for a non-EVS accredited organisation, you must first *[remove]* it and then enter the details again – sorry! (We will change this in the future!)

Open – after you have finished entering all of the relevant information and you are ready to start accepting applications or enquiries from potential volunteers, then change the status to "Open". Edit an opportunity

The screenshot shows the 'Test Organisation Alpha' interface. At the top, there is a header with the organization name and two buttons: 'ADD OPPORTUNITY' and 'EDIT ORGANISATION'. Below this, the organization's PIC number (900000001) and location (OUDENAARDE, BELGIUM) are displayed. A table lists opportunities with columns for ID, OPPORTUNITY TITLE, TOWN/CITY, COUNTRY, APPLICATION DEADLINE, STATUS, and ACTIONS. The first row shows an opportunity with ID 7, title 'Test opportunity for demonstration purposes', application deadline 31/10/2014, and status 'open'. The 'Edit' button in the ACTIONS column is circled in red.

ID	OPPORTUNITY TITLE	TOWN/CITY	COUNTRY	APPLICATION DEADLINE	STATUS	ACTIONS
7	Test opportunity for demonstration purposes			31/10/2014	open	Edit Delete

To change an opportunity, click on the *Edit* button beside the opportunity title, as shown above, to open the opportunity edit form. You can amend all of the data for an opportunity from this form.

If the *Status* of the opportunity is "Open", any changes that you save will be immediately visible to the public.

Delete an opportunity

The screenshot shows the 'Test Organisation Alpha' interface, identical to the one above. The 'Delete' button in the ACTIONS column of the first row is circled in red.

ID	OPPORTUNITY TITLE	TOWN/CITY	COUNTRY	APPLICATION DEADLINE	STATUS	ACTIONS
7	Test opportunity for demonstration purposes			31/10/2014	open	Edit Delete

To remove an opportunity from the VoD altogether, click on the *Delete* button beside the opportunity title, as shown above. You will then be asked to confirm the deletion.

Note: if you delete an opportunity, it immediately disappears from public view, and it cannot be recovered.

We suggest that you do not delete opportunities when they are "Full" or "Closed", because over time these will build into a public history of the projects that you, and your partner organisations, have been involved with. Potential volunteers can then use these old projects to evaluate your organisation when they are considering volunteering on one of your current opportunities.

Search for potential project partner organisations

You can use the European Youth Portal to search for **EVS accredited organisations** that you might want to involve as partners in future projects.

Visit the database of organisations accredited to run EVS projects and use the filters to find potential project partners – go to: http://europa.eu/youth/evs_database

You can search using the following filters:

- The country the organisation is located in, and the town/city where it is based.
- Name of the organisation.
- It's EVS Accreditation number (if accredited under the Youth in Action programme) or its PIC number (if accredited under the Erasmus+ programme).
- The EVS role that the organisation is accredited for: Hosting, Sending or Coordinating.
- The project topics of interest to the organisation.
- The inclusion topics of interest to the organisation.

DATABASE OF EUROPEAN VOLUNTARY SERVICE ACCREDITED ORGANISATIONS

This is a list of the organisations which have been accredited to run projects under European Voluntary Service, part of the European Union's Erasmus+ programme.

We recommend that you first use the list of [volunteering opportunities](#) to find projects that you might be interested in. However, if you cannot find suitable projects and want to contact an accredited EVS organisation, use the filter options on the left of the screen to find organisations that might have volunteering projects that you are interested in. Then click on the organisation to see more information about them.

You can contact individual organisations to say that you are interested in volunteering with them, but please be aware that not all of the organisations listed may currently have a project which is looking for new volunteers. Some organisations may not show their contact details because they have no EVS projects at present.

For more information visit the [European Voluntary Service](#) section of this website.
